

BE PART OF THE FUTURE

of Hiv Treatment & Prevention

Clinical trials for HIV help researchers develop better ways to prevent, treat, and possibly cure HIV. Volunteers from all walks of life are essential to this progress.

*Stay informed,
stay evidence-driven.*

Who Can Join?

- People living with HIV
- People at risk for HIV
- People of all backgrounds and identities

Why Participate?

- Access to new treatments before they're widely available
- Help advance science and improve care for others
- Receive expert medical attention and regular health checkups

Safe. Confidential. Voluntary.

- Trials follow strict safety rules
- Your information is private
- You can leave the study at any time

Make a difference in HIV research.
